DETAILED ACTION

1. The Examiner has carefully considered Applicant's amendment and accompanying remarks filed September 30, 2004. The double patenting rejection over Application number 10/031,822 has been overcome by the express abandonment filed September 21, 2004. Furthermore, the rejection in view of Sorathia et al. (US 5,236,773) has been overcome by the present amendment.

Reasons for Allowance

2. Claims 10-20 are allowed.

3. The following is an examiner's statement of reasons for allowance: the double patenting rejection over 10/031822 and the rejection in view of Sorathia et al. has been overcome by Applicant's present response. While Sorathia et al., are believed to be the closest prior art, Applicant's amendment reading on "consisting of" language, precludes the additional components in Sorathia et al.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
